EDITORIAL STAFF:

Publishing Manager

Tasbia Ab Rajul

Publishing Co-Coordinator

Nurul Atikah Arsat

Publishing Editor

Farah Awanis Md Radzi

Publishing Editor

Nurul Afiqah Ab Manan

Technical Editor

Nuruljannah Kamarudin

Technical Editor

Fakhruddin Che Fauzi

Big Data In Water Resources Engineering (BDWRE)

Contents

VOLUME 1, ISSUE 2, 2020		
No	Editorial	Pages
1	CROP AREA MAPPING BY INTELLIGENT PIXEL INFORMATION INFERRED USING 250M MODIS VEGETATION TIMESERIES IN TRANSBOUNDARY INDUS BASIN	32-35
2	ASSESSMENT OF SEDIMENT YIELD USING SWAT MODEL: CASE STUDY OF KEBIR WATERSHED, NORTHEAST OF ALGERIA	36-42
3	ESTIMATING SEDIMENT YIELD AT TARBELA DAM AND FLOOD FORECASTING THROUGH CONTINUOUS PRECIPITATION-RUNOFF MODELING OF UPPER INDUS BASIN	43-48
4	A REVIEW ON TECHNIQUES FOR WATER QUALITY MONITORING USING IOT DEVICES	49-51
5	RAINFALL CHANGE DETECTION IN AFRICA USING REMOTE SENSING AND GIS BETWEEN 1999 - 2018	52-54

Big Data In Water Resources Engineering (BDWRE)

Editorial

One of the emerging challenges in the 21st century era is collecting and handling 'Big Data'. The definition of big data changes from one area to other over time. Big data as its name implies is unstructured data that is very big, fast, hard and comes in many forms. Though the applications of big data was confined to information technology before 21st technology, now it is of emerging area in almost all engineering specializations. But for water managers/engineers, big data is showing big promise in many water related applications such as planning optimum water systems, detecting ecosystem changes through big remote sensing and geographical information system, forecasting/predicting/detecting natural and manmade calamities, scheduling irrigations, mitigating environmental pollution, studying climate change impacts etc. This study reviewed the basic information about big data, applications of big data in water resources engineering related studies, advantages and disadvantages of big data. Further, this study presented some of review of literature which has been done on big data applications in water resources engineering.

Scientific Board

Editorial Team

Editor in Chief

Engr. Saddam Hussain Wahla
Department of Irrigation and Drainage,
Faculty of Agricultural Engineering and
Technology, University of Agriculture Faisalabad,
Pakistan.

Managing Editor

Prof. Dr Azmi Aris
Director of Centre for Environmental
Sustainability and Water Security,
University Technology Malaysia

Associate Editors

Dr. Muhammad Jehanzeb Masud Cheema
Faculty of Agricultural Engineering and
Technology, PMAS-Arid Agriculture
University Rawalpindi, Pakistan

Dr. Muhammad Uzair Qamar
Department of Irrigation and Drainage,
Faculty of Agricultural Engineering and
Technology, University of Agriculture Faisalabad,
Pakistan

Dr. Usman Khalid Awan
International Center for Agricultural
Research in the Dry Areas (ICARDA)
Abdelhadi Saleh Street, Off of Nile Street

Engr. Muhammad Sohail Waqas
Soil Conservation Group, Agriculture
Department, Govt. of Punjab-Pakistan

Editorial Board

Dr. Muhammad Zaman
Department of Irrigation and Drainage,
Faculty of Agricultural Engineering and
Technology,
University of Agriculture Faisalabad, Pakistan

Dr. Lubna Anjum
Department of Irrigation and Drainage,
Faculty of Agricultural Engineering and
Technology,
University of Agriculture Faisalabad, Pakistan

Dr. Andre Daccache
Irrigation Engineering and Water Resources
Management,
Department of Biological and Agricultural
Engineering,
University of California, Davis

Dr. Aitazaz Ahsan Farooque
Department of Engineering,
School of Sustainable Design Engineering,
University of Prince Edward Island
Charlottown, Prince Edward Island, Canada

Big Data In Water Resources Engineering (BDWRE)

Swiss Air Building, Giza, Egypt

Prof. Dr. Allah Bakhsh
Dean, Faculty of Agricultural Engineering
and Technology, University of
Agriculture Faisalabad, Pakistan

Dr. Muhammad Azam
Department of Land and Water Conservation
Engineering,
PMAS-Arid Agriculture University Rawalpindi-
Pakistan

Dr. Muhammad Naveed Anjum
Department of Land and Water Conservation
Engineering,
PMAS-Arid Agriculture University Rawalpindi-
Pakistan

Dr. Muhammad Asif Kamran
Center for Advanced Studies in
Agriculture and Food Security,
University of Agriculture Faisalabad, Pakistan

Dr. Muhammad Mazhar Iqbal
Graduate School of Water Resources,
Sungkyunkwan University, 2006, Seobu-ru,
Suwon-si, Republic of Korea

Dr. Mohsin Nawaz
Department of Agricultural Engineering,
Faculty of Agriculture Bio System Engineering and
Technology, MNS-University of Agriculture,
Multan-Pakistan

Dr. Haroon Rashid
Khwaja Fareed University of Engineering and
Information Technology, Rahim Yar Khan,
Pakistan

Engr. M. Mohsin Khan
Department of Agricultural Engineering,
Faculty of Agriculture Bio System Engineering and
Technology, MNS-University of Agriculture,
Multan-Pakistan

Engr. Dr. Muhammad Saifullah
Department of Agricultural Engineering,
Faculty of Agriculture Bio System Engineering and
Technology, MNS-University of Agriculture,
Multan-Pakistan

Engr. Muhammad Awais
National Research Center of Fluid Machinery
Engineering and Technology,
Jiangsu University, Zhenjiang 212013, China

Engr. Dr. Muhammad Usman Farid
Department of Structures and Environmental
Engineering,

Dr. Travis Esau
Department of Engineering
Precision Agriculture Research Program
Faculty of Agriculture, Dalhousie University
Truro, NS, Canada

Dr. Azlan Zahid
Department of Agricultural and Biological
Engineering, The Pennsylvania State University,
USA

Dr. Muhammad Imran Khan
National Research Center of Fluid
Machinery Engineering and Technology,
Jiangsu University, Zhenjiang 212013, China

Engr. Nazar Hussain
Faculty of Sustainable Design Engineering,
University of Prince Edward Island, Canada

Engr. Zia Ul Hassan
Department of Applied Geology,
Major Urban Water Hydrology, Zia Ul Hassan,
Kent State University Kent OHIO, USA

Engr. Muhammad Usman Liaquat
Department of Civil and Environmental
Engineering, University of Brescia, Italy

Dr. Muhammad Adnan Shahid
Department of Irrigation and Drainage,
Faculty of Agricultural Engineering and
Technology, University of Agriculture
Faisalabad, Pakistan

Engr. Arfan Arshad
Institute of Remote Sensing and Digital Earth,
University of Chinese Academy of Sciences,
Beijing, China

Engr. Muhammad Aslam
Department of Irrigation and Drainage,
Faculty of Agricultural Engineering and
Technology, University of Agriculture Faisalabad,
Pakistan

Hassan Afzal
Faculty of Sustainable Design Engineering,
University of Prince Edward Island, Canada

Advisory Committee

Professor Dr. Kamaruzaman Yunus
Kulliyah of Science, International
Islamic University, Malaysia

Ahmed Jalal Khan Chowdhury
Kulliyah of Science, International
Islamic University, Malaysia

Big Data In Water Resources Engineering (BDWRE)

University of Agriculture Faisalabad, Pakistan

Dr. Muhammad Azeem Khan
Applied Agricultural Remote Sensing Centre
(AARSC), School of Science and Technology,
University of New England, Australia

Jafar Ahmad
Jamal Mohamed College, Bharathidasan
University, Tiruchirappalli, India

Krystian Obolewski
Kazimierz Wielki University,
Bydgoszcz, Poland

Khaled S. Balkhair
King Abdulaziz University,
Jeddah, Saudi Arabia

Chihiro Yoshimura
Tokyo Institute of Technology,
Tokyo, Japan

Zeng-Yei Hseu
National Pingtung University of
Science and Engineering, Pingtung, Taiwan

Karamat Mahmood
The Islamia University of
Bahawalpur, Pakistan

How-Ran Chao
National Pingtung University of Science
and Engineering, Pingtung, Taiwan

Radwan Khlaïd Al-Farawati
King Abdulaziz University,
Jeddah, Saudi Arabia

Uzaira Rafique
Fatima Jinnah Women University,
Rawalpindi, Pakistan

Mushrifah Idris
National University Malaysia,
in Malaysia

Aleksander Astel
Pomeranian University, Environmental
Chemistry Research Unit, Slupsk, Poland

Asude Hanedar
Namik Kemal University,
Corlu-TEKİRDAĞ, Turkey

Shatirah Mohammed Akib
Harriot Watt University,
United Kingdom

Norshuhaila Binti Mohamed Sunar
University Tun Hussein Onn
in Malaysia

Nicolò Colombani
University "Sapienza" of Rome,
P.le A. Moro 5, Rome (IT)

Aamna Blouch
University of Sindh,
Jamshoro, Pakistan

Farah Naz Talpur
University of Sindh,
Jamshoro, Pakistan

Katarzyna Glińska-Lewczuk
University of Warmia and Mazury
in Olsztyn, Poland

Hawa Binti Jafar
University Putra Malaysia,
in Malaysia

Che Fauzia Binti Ishak
University Putra Malaysia,
in Malaysia

Micòl Mastrocicco
Geological and Environmental Sciences,
University of Bologna, Bologna (IT)

Marlia Mohd Hanfiah
National University of Malaysia,
Bangi, Selangor, Malaysia

Aminaton Marto
University Technology Malaysia,
in Malaysia

Pauzi Abdullah
National University Malaysia,
in Malaysia

Al-Busaidi Ahmed
Sultan Qaboos University,
Muscat, Oman

Mohammad A. Alolayan
College of Life Sciences,
Kuwait University, Safat, Kuwait

Md. Maniruzzaman Bin A. Aziz
University Technology Malaysia,
in Malaysia

Amirhosein Ghaffarian Hoseini
University of Malaya,
in Malaysia

Big Data In Water Resources Engineering (BDWRE)

Prof. Dr. Qamar uz Zaman
Vice Chancellor, PMAS-Arid Agriculture
University, Rawalpindi-Pakistan

Afaq Ahmad Tiwana
Chairman, Farmer Associates of Pakistan(FAP)
Lahore, Pakistan

Prof. Dr. Muhammad Arshad
Chairman, Department of Irrigation and Drainage
& Director, Water Management Research Center,
University of Agriculture Faisalabad-Pakistan
